Steven:NOOOOOOOOO!
Steven: This can't be happening!
Steven: This has to be a dream!
Steven: Lars! Lars!
Steven: Please tell me I'm dreaming!
Lars:Get off me, man. I'm stocking here.
Sadie: I'm sorry, Steven. I guess they stopped making them.
Steven: Stop making them!?!
Steven: Why in the world would they stop making Cookie Cats.
Steven: They're only the most scrumptious and delicious ice-cream sandwich ever made!
Steven: Don't they have laws for this?!
Lincoln: Steven,I know you love them but. It's not it's the end of the world.
Lars: Yeah, tough bits, man.
Lars: Nobody buys them anymore.
Lars: I guess they couldn't compete with lion lickers.
Steven:(groans) Not lion lickers!
Steven: Nobody likes them!
Steven: They don't even look like lions!
Lincoln: Come on, Steven. they can't be that bad.
Steven: Well I tasted them. And they're disgusting!
Steven: Kids these days. I'll tell you what!
Lars: Well, if you miss your wimpy ice cream so much.
Lars: why don't you make some with your magic belly button?
Steven: That's not how it works, Lars.
Steven: Right?
(Steven Squish's his belly)
Lincoln: No. come on, Steven that would be ridiculous.
Steven:(sighs) Oh,sweet Cookie Cats, with your crunchy cookie outside, your icy creamy insides.

Steven: You were too good for this world.
(Steven thens kisses the glass)
Sadie: Uh...Steven?
Sadie: Do you want to take the freezer with you?
(Steven thens nod his head)
Lincoln: Well see you, Guys
Sadie: See ya later
(Steven and Lincoln then ran home)
(Steven thens open the door)
Steven: Hey, Guys! You won't believe this!
Lincoln: Steve-AHHHH
(Steven gets attack by a Centipeedle)
Lincoln: STEVEN!!!!
Steven: Ahhhhh!!!
(Amethyst then saves him)
Amethyst: Sup, Steven and Lincoln?
(Steven and Lincoln thens see all of the Crystal Gems fighting the Centipeedles off)
Steven: Awesome!
Lincoln: What are these things?
Pearl: Ugh! Sorry, Steven and Lincoln.
Pearl: We'll get these centipeedles out of here.
Pearl: We think they were trying to get into the temple.
Steven: Aw, you don't have to get rid of them.
Steven: They're really cool.
(The Centipeedle thens spit acid on the floor)
Amethyst: Um, you guys?
Amethyst: These things don't have gems.
Lincoln: So what does that mean?
Garnet: Then means there must be a mother somewhere nearby.
Pearl: We should probably find it before anyone gets hurt.
Steven: Ooh! Ooh! Can I come?! Can I?! Can I!?
Lincoln: I wanna come too!
Pearl: Steven, Lincoln it far too dangerous and you two are just not ready yet.
Lincoln and Steven: Aw, man.
Steven: Hey.Get out of there!
Steven: Go on! Shoo! Shoo!
Steven: Aw!
Steven: They got into everything!

Steven: Not cool!
Steven: No way. I-it can't be.
Steven: Wha- - where did you get these?!
Steven: I thought they stopped making them?!
Pearl: Well, we heard that, too.
Pearl: And since they're your favorite.
Amethyst: We went out and stole a bunch.
Pearl:(Grunts) I went back and paid for them.
Garnet: The whole thing was my idea.
Amethyst: It was, everyone idea.
Garnet: Not really.
Lincoln: That was really nice of, you guys to do that for, Steven.
Steven: Ahhhhhhhhh!

[There should be a GIF or video here. Update the app now to see it.]

Lincoln: Nice song, bro
Steven: I can't believe you did this.
Steven: I'm gonna save these forever.
Steven: Right after I eat this one
Steven: Hello, old friend.
(Steven starts to eat a Cookie Cat)
Steven: Mmm! Mmm!. So good!
(Steven gem starts to glow)
Steven: I like to eat the ears first.
Amethyst; Uh,Steven.
Lincoln: Look
Steven: Wha? My gem!
Amethyst: Quick! Try and summon your weapon!
Steven: I don't know how.
(Steven gem starts to fade)
Steven: Aah, it's fading
Steven: How do I make it come back?!
Pearl: Calm down, Steven
Pearl: Breathe, Don't force it.
Amethyst: Yeah. And try not to poop yourself, either.
Garnet: Please don't.
(His gem fades)

All of them: (sigh)
Steven: Aw! I was really close that time!
Steven: Can one of you just explain how to summon a weapon?
Pearl: Oh! 🎶 I'll go first 🎶
Lincoln: I'll come too.
(Pearl, Steven, and Lincoln are now at a tree)
Pearl: Pay attention to these petals, Steven.
Pearl: The petal's dance seems improvised .
Pearl: but it is being calculated in real time.
Pearl: based on the physical properties of this planet.
Pearl: With hard work and dedication.
Pearl: you can master the magical properties of your gem.
Pearl: and perform your own dance!
(Pearl thens take out her weapon)
Pearl: like so
(Steven and Lincoln were both confused)
(Now Amethyst, Steven, and Lincoln were at the Big Donut)
Amethyst: Did Pearl tell him the petal thing
Lincoln: Yes and it's extremely confusing!
Amethyst: Well listen, Steven
Amethyst: All that practice stuff is no fun.
(Amethyst thens takes a bite of her donut)
Amethyst: Whenever I need to summon my weapon, it just happens.
(Amethyst thens takes out her weapon and thens sliced a dumpster in half)
Amethyst: See? Didn't try at all.
Lars: (Gasps) Again?
(We're now back at the Temple)
Steven: So, I'm supposed to work really hard and not try at all at the same time?
Garnet:Yes
Lincoln: How does that even work?
Garnet: Or you can link your mind with the energy of all existing matter.
Garnet: channeling the collective power of the universe through your gem which results in...
(Garnet thens summon her weapons)
Garnet: At least that's my way of doing it.
Lincoln: wha?
Steven: I think my best bet is to re-create what happened the last

time my gem glowed.
Steven: So...Garnet and Amethyst were here.
Steven: Pearl and Lincoln were next to the Fridge.
Steven: Hmm. Hmm.
Steven: Amethyst, I think your arms were crossed.
Amethyst: Okay, your Majesty.
Steven: And, Pearl your foot was like this.
Pearl: I don't think it works this way,Steven.
Steven: And, Garnet... Uh...Uh... Yeah.
Steven: Then I took a bite of Cookie Cat.
Steven: Oh! Wait! I sang the song first.
Steven: Uh, he's a frozen treat... all new taste...interstellar War...And now available at Gergins.
Steven:Aw, It was funnier last time!
Steven:(sighs) Maybe I'm not a real crystal gem.
Pearl: Don't be silly, Steven of course you are.
Amethyst: and you're fun to have around even if your gem is useless.
Pearl:(grunts)
Amethyst: I mean You're on of us. Steven.
Amethyst: We're not the crystal gems without you
Lincoln: They're right bro I don't even have powers.
Steven: Yeah. Even if I don't have powers. I've still got...Cookie Cat.
Steven:Mmm! So good!
(Steven Gems glows and he summoned a shield)
Lincoln,Amethyst,and Garnet:(gasps)
Pearl: Steven,it's a shield.
Steven: Oh! What!?
Steven: I get a shield!
Steven: Oh,yeah!
(The Shield flings around the house and then breaks the Tv)
Amethyst:(Laughs)
Steven: Oh! Cookie cat!
Steven: I summon my weapon by eating ice cream.
Pearl: What's in these things.
(Then all see a Shadow in the window)
Lincoln: What was that?
(The Crystal Gems run outside)
Garnet: It's the Mother
Pearl: Steven,Lincoln. Stay in the house!

Steven: No way! I'm coming , too!
Lincoln:Me too!
(Steven gets all of his Cookie Cats while the Gems are fighting the Mother and Lincoln runs outside)
Amethyst: We could really use Steven's shield right about now.
Lincoln:Hey!!!
The Centipeedle turns around.
Lincoln:Get em Steven!!
The Gems: STEVEN,LINCOLN NO!!!!!!
Steven: COOKIE CAT CRYSTAL POWERS, ACTIVATE!!!!
(Steven starts eating all the Cookie Cats)
Lincoln: STEVEN WATCH OUT !!!
(Steven dodges the acid)
Steven:Ahhhh!!!
Pearl: We need to save Steven and Lincoln!!!
Amethyst: Can we save ourselves first!!
(Steven only has 2 cookie cats left)
Steven: Goodbye my friends
(Steven eats his last two)
Steven: Why isn't it working?!
(Steven looks at his Cookie Cat freezer)
Steven: No, Oh, no, no, no, no, no, no
Steven:(gasps) Cookie Cat, he's a pet for your tummy!
Steven: Cookie Cat, he's superduper yummy!
Lincoln: Yeah do it!
Steven: Cookie cat! He left his family behind!
Steven: Cookie ca-a-a-a-a-a-a-t!
(Steven electrocutes the Mother)
Steven: Now available... Nowhere
Amethyst: Yes!
Garnet: Gems. Weapons!
(The Crystal Gems summons their weapons)
Garnet: Let's do it!
(They poof the Mother Centipeedle)
(Garnet bubbles it and send it's to the Temple)
(Garnet sees Steven digging a grave)
Steven: Farewell, sweet Cookie Cats.
Steven: I'll remember the time we spent together.
Lincoln: Steven it's gonna be alright.
Amethyst: Are you crying?

Steven: Only a little!
Amethyst: Well, I guess your powers don't come from ice cream.
Pearl: Of course they don't come from ice cream.
Pearl: Don't worry, Steven.
Pearl: I'm sure someday you'll figure out how to activate your gem.
Garnet: Yes. In your own Steveny way
Lincoln: Yeah bro and we'll help you on the way.
Steven: Thanks, Guys
Steven: (Gurgles)(gags)
Steven: I-I think I ate too many Cookies Cats
(They all start to laugh and then Steven vomits)

(Steven, Lincoln and Amethyst run toward the counter of Beach Citywalk Fries.)

Steven: Hey, Fryman, give me the bits!

Mr. Fryman: *flips sign* Steven! We're closed.

Steven: *disappointed* Aww, what?

Lincoln: Oh c'mon.

Amethyst: *hits counter* Give 'em the bits! *chants while continuously hitting the counter* The bits, the bits... (Stevens and Lincoln joins in.)

Steven,Lincoln & Amethyst: *both chanting* The BITS! The BITS! The BITS! *banging on counter*

Mr. Fryman: Okay, okay! Take it easy on the counter, will ya? *goes to cook fry bits*

Steven , Lincoln & Amethyst: Yes! *high-five each other*

Mr. Fryman: *hands Steven a bag of fry bits* I can give you actual fries if you want.

Steven: Just the bits, please. *takes bag* Thanks. *walking away while Amethyst picks a handful of bits* Ah, sunset, my favorite time of day. When the sun goes down, and the second sun gets bigger and bigger in the sky.

Amethyst: *bursts out laughing* Yeah, that big hot second su— *gasps, notices the Red Eye* Oh no, what is that doing here?

Lincoln: What the heck is that?

Steven: What is it? (Amethyst picks him up and runs while Steven drops his bits.) Ah, my bits!

Lincoln: Don't worry I've got em (He's grabs the bits and run towards them.)

[Trans. beach near Crystal Temple]

Garnet: This is bad.

Pearl: *peering through telescope* Look at the size of it, I had no idea these things were so big!

Amethyst: *running towards them carrying Steven* Garnet! Pearl!

Pearl: We saw. Some of us are trying to protect humanity. *angry* Where were you?

Amethyst: *puts Steven down* ... Eating fry bits. (Pearl sighs.)

Steven: Oh, can I see? *peers* Woah. It's a giant eyeball! Awesome!

Pearl: *angrily* NOT awesome! It's a Red Eye!

Steven: A Red Eye?! It's going to infect us all!

Garnet: That's pink eye, Steven. (Amethyst laughs.)

Lincoln: What's gonna happen?!

Pearl: It's going to crash into Beach City and crush us, along with a bunch of oblivious, innocent people! We have to stop it.

Steven: What are we going to do?

Garnet: *adjusts visor* The only thing powerful enough to destroy it is a [[Laser Light Cannon (object)|Light Cannon]] that belonged to Rose Quartz.

Steven: My mom?

Amethyst: *mourns angrily* If Rose were here, this would be so easy.

Pearl: I know, but she's not, and the cannon is missing. We'll have to find another solution.

Steven: If it belonged to my mom, I bet my dad knows where it is. He can help us save the day! *silence* Huh? Eah?!

Lincoln: Yeah she would give it to,him.

Pearl: *sugarcoats her opinion of Greg* Greg is... nice, Steven, but I doubt Rose would entrust someone like him with such a powerful weapon.

Amethyst: Your dad is kind of a mess, Steven. *puts hand on Steven's shoulder*

Pearl: AMETHYST!

Amethyst: I'm just sayin', even if she did leave it with him, he probably broke it, or lost it, or dropped it in the ocean by now.

Garnet: True.

Steven: No way, I'm sure he's just keeping it somewhere safe. I'll go ask him.

Lincoln: I'll come too

Garnet: We can handle this, Steven. *to Amethyst* Ready?

Garnet picks up Amethyst and tosses her at the Red Eye, to no effect, making Amethyst fall into the ocean.)

Steven: Ugh, I'm gonna go.

Pearl: *half-heartedly* ... Okay, good luck.

[Ext. It's A Wash]

Steven: *bangs on van doors* Dad, it's us! Dad, are you in there? Wake up! We have to save... the— WORLD! *climbs on van* Dad!

trips and sets off car alarm *smiles*

Greg: *bursts out with a waffle iron* Who's there? I have a waffle iron!

Steven: *on top of the van* Dad, it's us!

Greg: *looks up* Steven,Lincoln? (Steven jumps down and they both hug their dad.) I almost waffled your faces! What are you doing up so late?

Steven: What do you mean? The sun just went down an hour ago.

Greg: *blushes* Oh, heh. It was a... slow day at the car wash. Anyway, what's up? Just needed to see your old man, pal around, learn some lessons about life?

Steven: *blushes* No! We need the light cannon that belonged to Mom, to blow up that eyeball! *points to the Red Eye*

Greg: Eyeball?

Steven: *points* That!

Lincoln: Yeah look *also points*

Amethyst: (Amethyst is seen flying towards the Red Eye, but falls back into the ocean.) Raaaah!!!

Greg: Wait, is that a magical thing? The Gems told me not to get involved with magic stuff. It... it could be dangerous or interfere with what's left of my hair. *rubs hair*

Steven: But they need Mom's cannon. You've gotta know where it is, like a cave dungeon or a cloud fortress, or in a clam at the bottom of the ocean!

Lincoln: Or in a volcano in the sky!

Greg: Well, I don't know about all that. But I have an idea where it might be.

[Ext. U-Stor]

Steven: A magical storage unit! *rushes to U-Stor*

Lincoln: Woah!

Greg: Ha, not exactly. But some would say there's magic inside. *winks as Steven and Lincoln who looks at him cluelessly* It's just a shed I use to keep things that don't fit in the van. If it's anywhere, it'll be in here.

(He opens the door and reveals a shed filled to the brim with boxes and clutter.)

Steven: If I'm going in there, I'm gonna need some gear. *ties a flashlight to his head with sock and electric cord wrapped around waist* Here I go.

Greg: Good luck!

Lincoln: You can do it,Steven.

Steven: *crawls into shed* Woah, cool! It's like a dad museum. *goes deeper* There it is! *pulls down golf clubs* Do you golf?

Lincoln: Do you Dad?

Greg: Eh, I'd like to think of myself as someone who would golf... eventually.

Steven: *notices cannon shaped object* Hmm, yes! ... A drum. *rummaging* No, no... *gasp* Oh my gosh, oh my gosh, oh my gosh! Is this— *shoots T-Shirt Cannon* "Buy T-shirt Cannons"? *notices box full of CDs* Hey, there's a bunch of copies of your old CD! *gets one and stores it in his pocket*

Greg: Huh. Oh, man, I couldn't give those thin Greg: Huh. Oh, man, I couldn't give those things away. You know, before I ran the car wash, when I was a one-man band, I traveled the whole country.

Steven: *chuckle* I know, Dad.

Lincoln: Wait really?!

Greg: Yeah when I came to play a concert here in Beach City, no one showed up except—

Steven: An ALLIGATOR!

Greg: No, it was your mother.

Steven: *goes deeper* Hahaha, I know.

Lincoln: What happen after that?

Greg: After that we were always together after that. Until she gave up her physical form to bring you into the world. I don't know what a magic lady like her ever saw in a plain old dope like me.

Steven: *breaks photo frame of Greg and Rose, gasps* Uh, Dad, I broke a photo.

Greg: It's okay buddy. If every pork chop were perfect, we wouldn't have hot dogs. *cannon begins to glow*

Steven: *notices glow* Huh? *gasps* The light cannon!

Greg: *looking at Red Eye* Oh boy, that thing's giving me the willies. *rubs stomach*

Steven: Dad, I found it!

Greg: Really?

Lincoln: You did it, bro

Steven: *tying cord around cannon* Get the van! (Greg pulls it out.) This thing could save the city, we've gotta get it to the beach!

Greg: How? It's too big for the van. *wagon rolls by* Easy does it. *puts cannon on wagon*

Lincoln: Come on we gotta go !

[Int. Greg's Van]

(Steven and Greg are driving to the beach.)

Steven: Is it gonna be okay?

Greg: *shrugs* If every pork chop were perfect—

Steven & Lincoln : *chimes in* We wouldn't have hot dogs!

Greg: *watches enlarged Red Eye* That thing's getting huge, it's freaking me out.

Steven: Can't the van go any faster?

Greg: This is faster.

Steven: Don't worry. Come on, let's put on your CD.

Greg: *embarrassed* What? Really? Come on, you've heard it.

Lincoln: C'mon, Dad I really wanna hear it.

Steven: *chuckling* Yeah. *inserts disc

[There should be a GIF or video here. Update the app now to see it.]

Steven: *singing along with "[[Let Me Drive My Van (into Your Heart)]]"* Let me drive my van into your heart! *song continues to play in the background*

[Beach]

Amethyst: *washes up back on shore* Throw me again, I think I'm cracking it. *notices Steven* Is that... ?

Steven: Hey, guys!

Lincoln: We got it!

Pearl: *gasps* He really had it!

Amethyst: *jumping in front of Garnet and Pearl* We're SAVED!!!

(Red Eye's gravity begins to pull everything towards it, causing rumbling and destruction.)

[Trans. Ext. Beach Citywalk Fries]

Fryman is observing the destruction affecting his restaurant.)

Fryman: Whoa, whoa, whoa, easy! (A sign rips off of the building.)

[Trans. Beach]

Garnet: We have to use it now.

Pearl: I don't know how it works, it was Rose's!

Steven: Dad, how do we use it? (Greg shrugs.)

Pearl: Steven, this is serious. *realizes* The gem. You have Rose's gem.

Amethyst: That's it! *lifts Steven and rubs him against the cannon* Ah, come on!

Garnet: Stop that.

Pearl: It's no use.

Amethyst: Fine, forget it. Throw me again.

Pearl: That's not going to work.

Lincoln: What do we do!

(The gravitational pull intensifies and pulls the van and cannon.)

Greg: *unhooks cord from cannon* I got this. *gets pulled* Ugh, wait, nope, maybe I don't! *tries to stop van*

Steven: *to cannon* Please work, unlock, activate, go, please! Everyone's counting on you, you can't just be useless! I know you can help.

Greg: It's okay, Steven. We'll figure out something else, something

even better.

Steven: R-r-r-right, if every pork chop were perfect, we wouldn't have hot dogs. *cannon begins to activate*

Pearl: It's working!

(The cannon unlocks and falls. There is a collective gasp. Steven and Lincoln attempts to lift it and the Gems soon help.)

Pearl: Steven!

Amethyst: This is it!

Garnet: BRACE YOURSELVES!!!

Lincoln: HERE WE GO!!!

(The cannon shoots a rose shaped blast that destroys the Red Eye, causing it to explode and shrapnel to fall, destroying parts of the city boardwalk.)

Amethyst: Steven, Lincoln you both just saved most of Beach City!

Steven: *to Fryman* Sorry about that!

Fryman: What?

Pearl: How did you two get it to work?

Steven: I just said that thing that Dad always says.

Pearl: That thing about pork rinds?

Garnet: Hot dogs.

Greg: *tears up* Rose...

(The tide suddenly comes in and washes the van towards the beach but is still surrounded by water. There is collective laughter.)

Greg: My van!

Steven: It's okay, Dad, if every pork chop were perfect—

Greg: I LIVE in there! *rushes towards van*

Steven: Wait up! *goes towards van*

Lincoln: Let me help too *also goes towards van*

Greg: Oh geez, wait, wait, wait!

Lynn Sr: Don't worry kids me and your mother will handle this.

[He opens the door]

Lynn Sr: Hello Officer. How may I help you

Officer: We've received reports of Loud noises. And a person reported a kid sleeping in your backyard is that correct.

Rita: Yes that true, but the reason we did is because he's was bad luck.

Officer: Are you serious.. Mr and Ms Loud I'm placing you under arrest.

The Louds: WHATTTTTTTT!!!

Leni: Why?!

Officer: Because of child abuse, and endangerment.

Lynn: He deserve it he was bad luck.

Officer: There's no such thing as Bad Luck and I'm gonna need all of you to come too.

Lynn: NO WAY!!!!

Lori: Lynn, don't make this worst

Lynn:[sighs] okay

[They all walk the house]

Lynn Sr: Don't worry kids we'll fix this.

[Open on beach near Crystal Temple]

Steven: [singing] Hey, Mr. Postman, bring me a post, bring me the post that I love the most. [stops singing as Jamie appears] Huh? [gasps] My song came true! [excitedly] Do you have a package for me today?

Lincoln: Hello.

Jamie: Hold on. [opens bag] Let me see what I've got here. [takes out package] Did you too order a loaf of bread with a stamp on it?

Jamie: *pulls out envelope* Did you two order a jury summons for R.J. Finkle?

Steven: That's not me, I'm Steven.

Lincoln: And I'm, Lincoln.

Jamie: Oh, right, right, right, Steven and Lincoln! [pulls out a package] Here it is, Steven Universe.

Steven: [looks at package] Ha! This thing is gonna help us save the world.

Lincoln: Yeah!

Jamie: Really? It says it's from Wacky Sacks Supply Company.

Steven: Garnet, Amethyst, and Pearl think we shouldn't go on magic adventures because I don't know how to use my Gem powers,and Lincoln doesn't... have powers.

Jamie: That seems reasonable.

Lincoln : But there are other ways we can help.

Jamie: With a Wacky Sack?

Steven: Exactly!

Jamie: Do you know how you can save my world? [takes out signature pad] Sign here, please.

Steven: Aah! [writes his name]

Lincoln: Okay! [writes his name]

Jamie: Barb yells at me if I don't get signatures.

Steven: That's awful. [light glows from Steven's house] Garnet, Amethyst, and Pearl are back! [takes package and runs up stairs]

Lincoln: Bye, Jamie.

Jamie: Wait, Guys! What is a Wacky Sack?

[Trans. Int. Beach House]

Steven and Lincoln: *enters house* Huh?

Garnet: *covered in feathers* Hello, Steven and Lincoln.

Pearl: Amethyst, we do not need that! It's not going to fit in the fridge!

Amethyst: What? I got this.

[She slowly slides a tray out of the fridge, spilling the milk and dropping the bagels, and puts in the giant egg.]

Amethyst: Look, it fits! [slams refrigerator door] [A crack is heard from the inside.] Oh, man. We can make a big omelet, or a quiche, or big sunny side ups!—

Pearl: *makes a face* *to Steven and Lincoln * We fought a giant

bird. We're only here for a second, we've got to go back out.

Steven: What? [holds package] Why?

Lincoln: Yeah!

Pearl: [shows both of them the statue] We have to place this Moon Goddess Statue on the top of the Lunar Sea Spire before midnight. Without it, the whole place will fall apart! Oh, Steven and Lincoln, you should have seen the spire in its heyday. [projects hologram of the Sea Spire] It was an oasis for Gems on Earth. It's abandoned now, but we can still save it with this statue!

Steven: Wha? [eyes turn into star shaped] That's perfect!

Pearl: What? Why?

Steven: Because I can help carry it for you in this! [takes backpack out of package and makes sound effects]

Lincoln: Ta da!

Pearl: A hamburger?

Steven: It's a novelty backpack, shaped like a cheeseburger! Aww, I blew it. [puts it on shoulder] I was just going to wear it one day, and you guys would be like, "Dang, Steven, that's so cool." But this is obviously important Gem business.

Pearl: Yes, so you two should let us take care of it.

Steven: What? I'm a Gem! *lifts up shirt and points to gemstone*

Lincoln: And I'm part of this family.

Pearl: But you've still got a lot to learn.

Amethyst: So, let them come! [waves hands] It'll be educational.

Pearl: Hmm, alright. [hands statue to Steven] You can carry it in your hamburger.

Steven: Hmm. [opens backpack] Check this out! Everything's a

pocket! Even the cheese is a pocket! I could fit a lot more stuff in here. Give me a minute. I'll pack extra supplies.

[Steven goes to fridge and puts doughnuts in his backpack, then he goes to his closet and puts two sweaters, an inflatable raft, and a kite in as well. After that, he goes to his room and steps on a stuffed animal.]

Steven: [gasps, then laughs] Mr. Queasy! [shakes the plush doll and laughs] You're definitely gonna come in handy! [removes first aid kit and stuffs it in]

Pearl: Steeeven, let's gooo!

Steven: Coming! [walks down stairs and onto the warp pad]

Pearl: Woah, Steven, did you bring your whole room?

Amethyst: Back that thang up.

Garnet: Let's warp. [A blue light flashes from the pad but doesn't cover Steven's stomach.]

Amethyst: Suck it in, Steven! [Steven inhales, pulling his stomach in.]

[Trans. Int. Warp Pad]

Pearl: Do you remember how to do this? [Steven starts floating and laughing and his head goes out of the warp stream.] Keep your head in. [pulls his head in] Come on.

Lincoln: THIS IS AWESOME!!!

[Trans. Ext. Lunar Sea Spire]

[The Gems land, Steven and Lincoln fall down, then looks at Sea Spire.]

Steven: Whoa, the Sea Spire!

[The Gems sigh as a piece of the Spire falls off.]

Pearl: It wasn't like this a hundred years ago.

Garnet: I'm sensing structural instability.

Steven: Oh, yeah. [crack forms around him] That's never good.

Pearl: Gah, Steven, Lincoln! [piece begins to fall]

Steven and Lincoln : What? [Pearl jumps up and saves Steven and Lincoln.]

Pearl: Alright, hold on. We're taking them back! [hugs both of them]

[Steven leaps off her and takes Mr. Queasy out of his backpack.]

Steven: Oh, Mr. Queasy! [laughs]

Pearl: Steven,Lincoln! This place is your heritage. I want you to stay and help, but you really got to take this seriously! Can you do that, Steven and Lincoln?

Steven: You got it, dude! [sticks tongue out]

Lincoln: Yeah we can do this [gives a thumbs up]

Pearl: Yesss...

Garnet: Enough, we have to move. [The Gems run up the cliff then Garnet comes to a stop.]

Amethyst: What's the hold-up? We can clear this easily.

Garnet: No. The magic that sustains the whirlpool creates a vortex that will pull us below. [Garnet throws a rock and it is pulled down.]

Pearl: So we can't jump?

Lincoln: Don't worry. back where I was from I was called The Man with the Plan.

Steven: Oh, wait! [pulls out sweaters from backpack]

Amethyst: What are those for?

Steven: They were for keeping warm, ties them together but check it out.

[Steven and Lincoln whip one end through the window and catches the other end. Steven and Lincoln takes deep breaths and jumps.]

Amethyst: Steven, Lincoln!

Pearl: Wait! [Steven and Lincoln gets pulled down by the vortex.]

Amethyst: He's getting sucked down!

Gems: Steven!

Steven and Lincoln: Cheeseburger [manages to land unharmed]

Amethyst: Steven! Way to go! C'mon, guys! [She summons her whip, grabs Pearl and Garnet, and whips it through the window.] Stevecoln style! [Amethyst climbs up and brings the rest into the Sea Spire.]

Pearl: [to Steven and Lincoln] Don't ever do that again!

Steven and Lincoln : Sorry!

Pearl: But, it was pretty great.

[Trans. Int. Lunar Sea Spire]

[The Gems walk through the Sea Spire.]

Pearl: Oh, no, no, no, this is even worse than the outside. Ugh... that's... oh! Oh, this didn't used to be so— Oh, and the water damage. This pillar... Oh, and this had a head... Oh, Steven and Lincoln ,once the statue's in place, it'll restore all of this to its former glory— aaah! [summons her spear and slices statue in half]

Lincoln: What was that goober?

Pearl: Crystal Shrimp.

Amethyst: You guys, we got a problem! (Steven and Pearl run up the stairs to Garnet and Amethyst.)

Pearl: [sees tons of crystal shrimp and gasps] It's an infestation. And we have to pass through there to get to the top.

Steven: [leans towards one of the crystal shrimp] Can't you just squish 'em?

Pearl: [pulls Steven away] Don't touch that, their shards are deadly! [puts Steven down] We need to clear a path. [projects hologram Amethyst] Amethyst, if you go around to the side and disturb them with a spin attack... [projects Garnet on the ceiling] And Garnet, if you move to the ceiling and strike this exact spot... [projects an X] then I can advance with my... [projects herself]

Steven and Lincoln : Bagel sandwich!

[Steven and Lincoln each take one bagel sandwich out of Steven backpack, then throws them on each side of the room. The shrimp proceed to follow one of the sandwiches and start to eat them, leaving a clear path for the Gems.]

Garnet: Brilliant.

Amethyst: Oh hey, what do you know.

Pearl: [makes her hologram disappear] Uh, uhh, how did you know that would work?

Steven: Well, if we were a shrimp, that's what I would do. (The Gems walk through the now clear path.)

Amethyst: You two are shrimps. [The Gems begin to climb the stairs.]

Pearl: I just want everyone to know: my plan would have also worked. [The Gems reach the top of the staircase.]

Garnet: Watch out! [The wall to the left of them cracks and forms a small, rushing river that drops below.]

Amethyst: What are we gonna do? [The Gems look at Steven and Lincoln.]

Steven: What? Us?

Garnet: What have you got?

Amethyst: *chanting* Cheeseburger backpack! Cheeseburger backpack! [Steven nervously reaches into his backpack.] Pearl, c'mon.

Pearl: Oh, alright.

Pearl & Amethyst: *chanting* Cheeseburger backpack! Cheeseburger backpack! Cheeseburger backpack! [Steven smiles and pulls out a yellow raft.]

Steven: A raft! [Steven pulls the raft's handle and it inflates; Amethyst and Garnet gasp.]

Pearl: Steven, that's so sensible!

Lincoln: It's Perfect.

[Steven places the raft in the water. It quickly floats away, and goes over the side of the Spire. Pearl and Amethyst groan. Garnet kicks a pillar and one end lands on the other side of the river, forming a bridge.]

Garnet: Good idea anyway, You two. [The Gems cross the bridge to the other side and begin to walk up another staircase.]

Amethyst: Yeah, they can't all be winners.

[The Gems slowly climb up the winding stairs. They finally get to the top, and Steven and Lincoln stare in awe. The Gems approach the pedestal.]

Pearl: This is it. The Moon Goddess pedestal.]looks up] And the moon is almost overhead! It's not too late to save this piece of history!

Garnet: Steven, the statue.

Lincoln: Lay it on us, My amigo.

Steven: [Steven sticks his hand in his backpack and feels for the statue but is unable to find it.] Uhh, I, uh, ah, uhh...

Amethyst: What's the hold-up?

Steven: [with a terrified look on his face] I don't have it. (The Gems gasp.)

Lincoln: w h a t ?

Pearl: What?

Steven: I must have left it on the bed! [The Gems look at the moon.]

Pearl: There's... there's no time...

Steven: Wait! [reaches into his backpack] I have an idea! [pulls out Mr. Queasy]

Amethyst: Could that work? [Garnet shrugs.]

Lincoln: Quick, Try It!!!

[Steven walks to the pedestal and places Mr. Queasy, who then says "Kid, don't shake me". The moon blasts a ray of light onto Mr. Queasy, who then floats up towards the moon. Only a few feet up, Mr. Queasy violently shakes and the Gems scream. Mr. Queasy explodes and the Gems scream again. The Spire begins to shake, and a bunch of cracks form in the ground. The waterfall starts to close in on the Spire.]

Garnet: Everyone, keep steady! (Amethyst falls into Garnet.)

Steven: No, no, no, no, no!

Lincoln: AHHHHHHHHHHHHHHHHHH

[The cracks separate and the Gems are pushed apart. Each piece

sinks and an ocean is all that is left. The Gems swim to the surface.]

[Trans. Ext. Lunar Sea Spire]

Steven: This is all my fault. I broke it.

Pearl: No, Steven, the Spire was falling apart when we got here. You handled everything well under
pressure. You did great! You too Lincoln.

Amethyst: Yeah, two out of four of your ideas worked. That's fifty percent.

Steven: Yeah. I guess you're right. They can't all be winners. [The raft then pops up to the surface and the Gems stare in amazement.] Wooo! [The Gems get in the raft.]

Lincoln: AW YEAH!!!

Pearl & Amethyst: Cheeseburger backpack! Cheeseburger backpack! Cheeseburger backpack!

Garnet: It's a three-hour paddle home.

Lincoln: Wait how did you know that?

Steven: [reaches into his backpack and gets a bagel] Anyone want a wet bagel?
